American Heart Association
Fighting Heart Disease and Stroke

It's the gift of a lifetime.

A bequest to the American Heart Association says something special about the giver. It's an expression of hope, a gift of health given to generations to come. It's an unselfish act that shows you care about others and want to leave the world better than you found it. Your gift will be used to fund research and educational programs to fight heart attack, stroke, high blood pressure and other heart and blood vessel diseases. To find new ways to stop the sadness, suffering and death—and give others the freedom of good health. To learn more about how you can leave a legacy for the future, call 1-800-AHA-USA1. Do it today.
